

Five Acres High School

'Staying Safe in an Internet World'

WELCOME

'What we do today will stay with us tomorrow'

Q. How safe is my on line world?

Sextortion Online Sexual Harassment

What is it?

- **A form of blackmail in which sexual information or images are used to obtain money, further images or sexual favours from the victim**
- **Committed by criminals online, or by people you know**

How do they do it?

“Hi, how are you? 🥰 x”

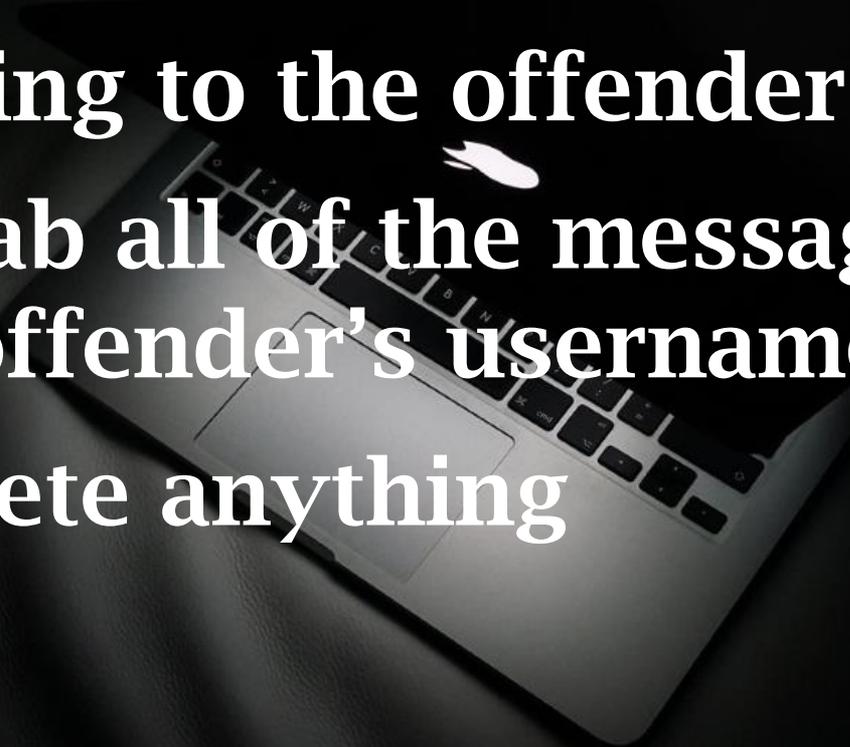

...“Cute profile pic! xx”

...“Wanna swap pics? xxx”

How do they do it?

- Livestreams are recorded, videos and photos saved
- Offenders then threaten to share these with the victim's family or friends or post them online
- This type of crime has a significant effect on victims

What should I do?

- Stop talking to the offender
 - Screenshot all of the messages and the offender's username, etc.
 - Don't delete anything
 - Report it
 - Don't pay or send further images
- 
- A close-up, slightly angled view of a laptop keyboard. The keys are dark with light-colored lettering. A white mouse cursor arrow is positioned over the spacebar. The background is dark and textured.

THE MAIN WAYS IN WHICH CHILDREN ACCESS THE INTERNET:

- Within school using school owned devices.
- At home using personal devices, using home broadband connection.
- Out and about using 3G / 4G mobile network.

SCHOOL INTERNET ACCESS

Five Acres High School uses an industry standard web filtering system provided by Smoothwall. It is one of the UK's favourite web filtering providers

HOME WIFI – PARENTAL CONTROLS

Parental controls on your home internet

Most UK broadband providers offer free whole-home parental controls, which apply to any device that connects to your broadband via your home hub / router.

BT

Available for free, they include strict, moderate and light filters, an option to restrict access to specific websites and a **homework-time setting** that blocks social media, gaming and homework cheat websites.

TalkTalk

The free package includes Kids Safe, which lets you block inappropriate sites you'd rather children didn't see. You can also use it for Homework Time, restricting the hours they can go on certain websites, while Virus Alerts lets you browse safely.

Sky

You can customise your settings in three steps:

1. Choose a rating: PG, 13 or 18
2. Use the Watershed feature to set restrictions at certain times of the day
3. Add specific websites that you would like to block.

MOBILE NETWORK 3G / 4G PARENTAL CONTROLS

Mobile phone companies can filter content rated 18+ at the network level.

The UK's main mobile providers (e.g. Vodafone, EE, O2 and Three) automatically block 18+ rated content through the Active Choice network-level filtering system.

EE

EE has three settings -
Strict, Moderate and Off - you can choose exactly what level of security you'd like.

Please note: All new and existing accounts with Content Lock enabled have the Moderate setting applied by default.

O2

To help keep kids safe online, O2 filter and block 18+ sites, as classified by the British Board of Film Classification.

Three

Three work together with industry peers, regulators, government, law enforcement agencies, children's charities and the Internet Watch Foundation to offer safeguards to protect children from inappropriate content online.

Vodafone

Vodafone has an age-restricted content control bar which is switched-on as standard. This is to protect younger users from seeing images and accessing websites, apps or other content that are inappropriate for under 18s.
