

Appendix 1 - Canteen/Food

The canteen will be following all Covid 19 regulations for the provision of food. To make this as safe as possible the students will be served in separate areas within their year group bubbles. If an area is used for more than one bubble the area will be cleaned in between services, all food items will be packed in either bags or pots all of these disposable items are vegware products which are eco friendly and fully compostable

Initially our service will be rather streamlined so there will not be as many choices as we would normally offer however once circumstances change so will our provision of food items. To make our service run as smoothly as possible we will be doing set price meal deals so when you check your child's accounts on Parent Pay you will only see a price not what they have eaten. So for morning break we are doing a £1.50 bag which could be a range of hot eat items such as Bacon baps, Sausage rolls, Pizza slice and a vegetarian option; all served with a drink. There will also be a £2.50 bag which will contain baguettes, paninis plus a drink. Lunch will be served in the same way with £1.50 bags and £2.50 bags; the options will be slightly different as there will be Pasta dishes, Curries, Stir fries, Noodles plus Pizzas and Panini, and all served with a choice of one of the following: fresh fruit, yoghurt, cake/biscuit or a drink.

We can also do some set price extras which will be either 50p or 80p which will be a selection of sweet and savoury snacks. As we are going to be serving food in 4 separate area and we only have 3 tills some of the students (probably year 11) will be issued with a token with their name on. They will need to hand that token over to a member of staff and then their Parent pay account will be debited at the end of the day, all other students will use their PIN number on the machine by the till. All students must sanitise their hands before using the machine. To make our service run as swiftly as possible can parents please make sure that your child's Parent Pay account is credited before they come to school. Free school meal students will have £2.50 already preloaded onto their account however you can still load money onto their account if you wish them to have any extras. Please let us know about any allergens or any other dietary requirements.
